

100% Paper Hydromulch

100% Paper Hydromulch manufactured from 100% high quality post-consumer recycled cellulose fiber. This hydromulch has excellent color retention (green dye), consistency and coverage characteristics. 100% Paper Hydromulch delivers increased performance and erosion control by strongly bonding seed, fiber and soil together, a perfect choice for residential, commercial and DOT applications. Packaged as 40lbs of paper mulch in 50lb bags to ease breaking up and tank mixing.

Rate	Slope
1500 lbs/Acre	Moderate
2000 lbs/Acre	3:1 to 2:1
2500 lbs/Acre	Greater than 2:1

Moisture Content	12% (+/-3%)
Toxicity	Non-Toxic
Water Holding Capacity	1100% Minimum
