

GGG SOUTH CAROLINA DOT SILT FENCE

GGG South Carolina Silt Fence is manufactured with Winfab 77SF Fabric attached with zip ties to a 5 foot painted metal T-Post with a kick-plate. When necessary a 632-10-12ga Wire is attached to add reinforcement. GGG Winfab 77SF is a woven geotextile made of 100% polypropylene tape fibers which are woven into a stable network such that the yarns retain their relative position. GGG Winfab 77SF resists ultraviolet deterioration, rotting, biological degradation, naturally encountered basics and acids. Polypropylene is stable within a pH range of 2 to 13. GGG Winfab 77SF meets or exceeds the physical property values listed below:
